EXPERIENCE

Associate Software Engineer

Brillio

Mar 2024 - Current

Bengaluru, India

- Develop and maintain web applications using a variety of front-end and back-end technologies.
- Secured 3rd place in "Brillio - SparXelerate" Hackathon
- Successfully completed 6 months (Mar 2023 - Sept 2023) of "LBJ - learn before joining program" to bridge the gap between campus and corporate.

AWS Intern

AICTE

Sept 2022 - Nov 2022

Remote

- developed a solid understanding of cloud computing concepts, architectures, and services offered by AWS.
- gained hands-on experience in using AWS tools and services relevant to modern cloud environments.
- This 2 months experience enhanced my problem-solving skills and ability to work in teams.

PROJECT

Interactive dashboard system for customer service operations: Developed an interactive dashboard system that aggregates and visualizes key metrics and insights related to customer service operations. Key Skills: React.js, Java, Spring Boot, Microservices, Jest, Junit and SonarQube

E-commerce website: Developed a dynamic e-commerce web application using React.js for a seamless user experience and MongoDB for efficient data management, enabling users to browse, search, and purchase products effortlessly.
